From a miraculous Near Death Experience to reversing ALS, Dr. Joyce Brown has been through it all. She has conquered depression, beat grief, triumphed over suicide, survived multiple back-breaking car accidents and now, at nearly age 90 and almost completely blind, she continues to work full time to help stop suicide. Making frequent guest appearances on television as "The Hope Doctor," Joyce Brown, N.D., shares her astounding story of meeting God, the gifts she received from the experience, a divine message offering proof of God's unconditional love, and the eternal wisdom that radically transformed, and gave new meaning and purpose to her life. Speaking to numerous

different organizations, including youth groups and teens, Dr. Joyce has a unique, faith-based (non-denominational) message that is getting miraculous results. Countless copies of her previous bestseller, *God's Heavenly Answers*, have now been distributed around the world. Recognized as a Diplomat by the American Academy of Experts in Traumatic Stress®, Dr. Joyce is the Founder and President of Stress and Grief Relief, Inc., a non-profit, 501c3 organization dedicated to fighting depression, giving hope to survivors, and preventing suicide, with a unique focus on youth. Dr. Joyce's story is transforming people's lives and helping to curb suicide in the U.S. and in multiple countries around the world. But she needs your help to reach more people with her faith-based message of hope:
